We thank all applicants for their interest; however, only those candidates selected for interviews will be contacted.

OUR TEAM IS GROWING! FOR IMMEDIATE HIRE IN VICTORIA BC.

Gwaii Engineering is an Indigenous-owned Civil and Environmental Engineering Firm based in Victoria, BC. Our tight-knit and fast-growing team provides civil and environmental engineering services to a broad client base on Vancouver Island and across British Columbia. We pride ourselves on our progressive and open work culture, fostering an environment that values quality, community, and health.

Gwaii team member PERKS:

- Flexible 4-day work weeks
- Health and dental benefits
- RRSP matching contributions
- Twice-weekly in-house yoga
- Social retreats
- Annual fitness stipend

Role:

We currently have an opportunity for an Intermediate Environmental Project Manager based out of our Victoria, British Columbia office. The ideal candidate will have experience working in the Southern Vancouver Island market.

Responsibilities:

- Independently managing a variety of environmental investigation projects (Phase I, II ESA's/Stage 1, 2 PSIs II, Detailed Site Investigation, Remediation) in both federal and provincial environmental regulatory settings.
- Project planning, implementation, coordinating fieldwork (in town and out of town).
- Review of project budgets and expenses to ensure good project performance.
- Preparation of reports for due diligence investigations, and submissions to the BC Ministry of Environment & Climate Change Strategy for legal instruments.
- Preparing environmental proposals and workplans.
- Experience with hazardous material surveys/mitigation projects is considered an asset.
- Management of construction environmental monitoring projects.
- Business development activities.

Compensation:

Salary and bonus structure is industry competitive and negotiable based on experience.

Qualifications & Experience

- 5 years of environmental consulting experience in BC. Candidates with additional experience will be considered.
- University degree in Environmental Science or Engineering.
- Professional status or designation (P.Eng., P.Geo., P.Ag., R.P.Bio.).
- Comprehensive understanding of provincial and federal environmental legislation.
- Knowledge and experience working with First Nations in BC and/or First Nations membership is an asset.
- Demonstrated project management experience on a variety of small, medium and large projects.
- The ability to deal tactfully and effectively with clients and co-workers.
- Ability to work effectively in a high demand, fast paced environment.
- Must have a valid driver's license.
